FROM

THE SECRETARY
TO THE HON'BLE THE RESIDENT IN MYSORE.

To

The Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Dated Bangalore, the 15th July *1942.*

Sub:- Extension of Defence Services line communications - Measures for co-ordination.

SIR,

I am directed to forward a copy of the Government of India, Defence Department, letter No.8224/G.S.D.Signals, dated the 6th July 1942 and to request that information in respect of the aerodrome site at Yelahanka according to the details specified in the Appendix referred to in paragraph 5 of the Defence Department letter may kindly be furnished urgently to this Residency.

I have the honour to be,
Sir,
Your most obedient servant,

for SECRETARY TO THE RESIDENT.

SECRET
URGENT.

Regd No.4748-D-1. No.8224/G.S.S.D.Signals.

Government of India, Defence Department (Army Branch).
New Delhi, the 6th July 1942

To

The Chief Secretaries,
all Provincial Governments.

Extension of Defence Services line communi cations - Measures for co-ordination.

Sir,

I am directed to say that owing to the now very straitened resources of telegraph and telephone line construction material, a re-organization of previous agencies has been effected for the control and planning of extensions of Defence Services Line communications.

2. Firstly Signals Board at Calcutta and Bangalore, in the Eastern and Southern Army areas respectively, have been newly constituted with Posts and Telegraphs Department representatives as Chairman and Secretary and with representatives of the Defence Services as members. Similar Board will be functioning in North Western Army and Central Command areas very shortly, pending which the Army Chief Signal Officer concerned will be the co-ordinating authority for all Defence Services, and will take decisions on the questions mentioned in paragraph 4 below, in conjunction with the Local Royal Navy, Royal Air Force, and Posts and Telegraphs Department officials.

3. Secondly to co-ordinate the line construction requirements of all India and other neighbouring areas under the operational control of His Excellency the Commander-in-Chief in India, a Defence Services Line Communication/Board has been formed in the General Staff Branch of General Headquarters, India.

4. In future, therefore, any question involving local line construction for the Defence Services and the installation of any telecommunication instruments will be referred to the authorities mentioned in paragraph 2 above for their co-ordination. These local boards will have authority to sanction any complete project involving up to 3 miles of construction of post route and /or 3 miles of paired iron wire on any one project. Any larger proje will be co-ordinated and planned by them, and then referred direct to General Staff Branch.

5. In order to assist the Signals Boards in planning telephone communications for aerodromes the details specified in the Appendix are urgently required. The Government of India would be glad if the Provincial Government would forward this information immediately to the Board operating in their Army or Command area (the Army Chief Signal Officer concerned where there is no such Board) in respect of all the sites chosen. [redacted].

I am, Sir,
Your most obedient servant,

Sd. * * *

Addl. Under Secretary to the Government of India.

APPENDIX

PPENDIX

Telephone Communications to aerodrome sites - Details required.

1. Name of District.
